www.accesssoftek.com

Mark Barish

SVP, Sales & Business Development

According to FI Navigator, Access Softek holds the number two market position for number of mobile banking clients and number three position for enrolled mobile members. They set the standard for the digital banking landscape developing the first downloadable apps for mobile banking technology. Since that time, Access Softek has maintained a track record of innovation from biometric authentication to real-time fraud prevention and automated investing integrated directly into a financial institution's digital banking platform. Access Softek's biometric authentication software won the CUNA Technology Council "Best of Show" award in February, 2020. These are the latest steps in Access Softek's history of innovative digital banking firsts, which include the first app-based mobile banking; first web-based Personal Financial Management (PFM); and first triple play of app, WAP, and SMS banking. Since 2004, Access Softek has continued to deliver industry firsts to over 400 bank and credit union customers from its Berkeley, California headquarters. Learn more at AccessSoftek.com.

Tyler Miller

Director of Marketing

t.miller@belivelsi.com

In 1994, three friends, Mark Johnson, Phil Stewart, and Rex Johnson shared a vision to create a new way for financial service companies to connect people with people. They believed then, as they still do today, that leveraging technology in order to enable conversations, nurtures loyalty. This foundation is the strength which continues to guide who we are, what we believe, and how we connect with people. To this day, it drives our passion to deliver flexible solutions and remarkable service for our clients.

Bill Nass

President

bnass@tccredit.com

A leading provider of software as a service (SaaS) loan origination solutions and account opening for credit unions, banks, and finance companies. As a leader in loan origination software advancement, TCI introduced the industry's first cloud-based SaaS loan origination solution in 1998. After 20 years in the loan software industry, we haven't lost our desire to innovate and evolve, ensuring institutions like yours get the best service, consistent uptime, and breakthrough innovation you need. TCI continues to revolutionize the lending process. Our sole focus is on making responsive, configurable online/mobile, direct and indirect lending accessible, safe, and easy for financial institutions of all sizes so they can keep pace with fintech disruptions and give their borrowers the frictionless lending experience they've come to expect.

Service Areas: Indirect Auto Lending, Lending, Loan Originations Systems
